

# MIS Healthcare

Requests the pleasure of your company

UKRC 2016 Future Imaging Congress

**6-8 June 2016 ACC Liverpool**

**Stand 83**

MIS HEALTHCARE is a UK based company offering innovative and cutting edge medical and diagnostic products to aid accurate and fast diagnosis based on advanced technology.

This year at the UKRC Future Imaging Congress we will be displaying and demonstrating some of the latest advances in healthcare imaging solutions.

Our stand portfolio on the following pages lists the equipment we will have on display. We will have product specialists and clinical applications on the stand to demonstrate and help answer any questions.

Our unsurpassed reputation for nationwide service coverage, 24/7 support and dedication to our installed base puts us ahead of our competitors.

Please visit us at UKRC, we will be glad to address any enquiries you may have.

If you would like to book a dedicated demonstration date and time please arrange this with your local Account Manager or contact us and we will arrange with you.
